

Insieme ai bambini del mondo

For the kind attention of
Lighthouse Stake Pool

Melzo, 20 ottobre 2021

Dear,

we received the donation of euro 1.867,00 in date 15/10/21 for the project "Water for all" in Malawi.

We want to thank you very much because your contribution will allow us to protect our children and their families by guaranteeing them the right to water.

The need to dig wells in schools and villages has become even more important and vital in this pandemic context. It is precisely at this moment that we understand how much access to clean water is even more fundamental: it represents the "second vaccine" in the challenge of containing infections.

Thank you for your affection shown.

Best regards,

Ilaria Ventura – Project Manager
